WIRELESS DIGITAL SENSOR SMOKE & FIRE

SN: SF24X05

SMOKE & FIRE INSTRUCTIONS

Function Definition

- 1.Flame probe
- 2.Smoke probe
- 3.LED lamp
- 4.Power switch
- 5.Address setting knob
- 6.Switch toggle hole
- 7.Battery box

Size Infomation

Installion

- step 1. Fix the base on the wall
- step 2. Fix the sensor on the base

Specification

Work environment: -20 ~ +80°C, 10%~90%RH

Work voltage: 9.0v

Consumption: 70μ A

Battery: 9V Square battery, Replaceable

response speed: 1s

Detection frequency: 1/5s

Battery replacement

1. Remove the sensor from the fixed base;
2. Take out the old battery and replace it with a new one.

WARNINGS

- > Stay away from high temperature, humidity, strong magnetism, and dusty environments.
- > When the battery is low, please replace the battery or charge it in a timely manner (rechargeable battery situation).

LCD/Digital tube	o	o	o	o	o
<p>This table is prepared in accordance with the provisions of SJ/T 11364.</p> <p>o: Indicates that the content of the hazardous substance in all homogeneous materials of the component is below the limit requirements specified in GB/T 26572.</p> <p>x: Indicates that the content of the hazardous substance in at least one homogeneous material of the component exceeds the limit requirements specified in GB/T 26572.</p>					
<p>Warm Tips: Depending on the device, the components included may vary. Please refer to the actual purchase of the device.</p>					

AFTER-SALES SERVICE

Thank you for purchasing our products. To ensure the interests of our customers, if any product malfunctions due to quality issues, customers can contact their local dealer or authorized repair station with an invoice and warranty card.

SPECIAL ATTENTION

1. Within one year from the date of purchase, if there is a malfunction during normal use, our company will provide free warranty, component replacement, and other services based on the malfunction situation;
2. This warranty modification card and shopping invoice are vouchers for our company to provide after-sales service to customers. This card must be filled out in detail in the following form and be valid only after being stamped with the dealer's official seal;
3. If one of the following situations occurs, free warranty services will not be implemented and repairs will need to be charged:
 - (1) Beyond the warranty period;
 - (2) Damage caused by improper use, maintenance, or storage not in accordance with the product manual;
 - (3) Failure or damage caused by unauthorized disassembly, repair, or modification of products without the permission of our company;
 - (4) Product malfunction or damage caused by force majeure;
 - (5) Vulnerable parts and accessories
